

JOB OPPORTUNITIES

The UW Department of Theatre and Film is looking for

TEACHING ASSISTANTS (T.A.s) and MARKERS

for its performance, general, and filmmaking courses for the **2017/18 academic year**.

These positions provide excellent experience and a good salary.

Positions require a definite time commitment from September to April, but a variety of times and activities are available.

Early in 2017 these positions became unionized by the Public Service Alliance of Canada (PSAC). This means a salary increase and other improvements for those we hire.

Applicants should be senior acting, production, or film students with good grades.

In most cases the ideal candidate will have taken the subject course previously and will be available to attend all required course sessions. Experience, achievement level in the course and related courses in Theatre and Film, the ability to complete assigned work in a designated time frame, and overall academic standing will likely be factors considered for selection. We expect that preference will be given to current UW students in the final stages of their degree at the University of Winnipeg.

POSTINGS ARE ONLINE! APPLY NOW AT: <http://jobs.uwinnipeg.ca>

Multiple positions are posted and you should apply for each one that you are interested in.

Deadlines vary between August 3 and August 9.

Selection criteria includes academic standing. Be sure to include a transcript OR an authorization for use to review your UW records in your application.

Only Applicants to be interviewed or hired will be contacted.
